ABOUT THE FINHUB @ NGU

We are pleased to invite you to the Launching event of The FinHub @ NGU, scheduled April 15th, 2019.

The Fin-Hub @ NGU, faculty-supervised and student-led, has a mission to promote finance-related activities and careers throughout the NGU community. Through different initiatives, associations, and subsidiary clubs, members will have access to workshops, competitions and career events that can equip them with a wide variety of required practical skills and knowledge to effectively and ethically compete in the financial markets.

This year's first launching arm is CFA Ambassadors, a CFA-approved student activity that prepares students to compete in the CFA Research Challenge through several councils covering topics from financial Instruments valuations to Fin-Tech.
